Gun Transfer/Required Paperwork Information – If you have questions please ask before you buy.

1. All required Local, State & Federal laws will be adhered to in transferring any and all firearms in the auction sale. This is non-negotiable. If you do not want to fill out the required paperwork please do not purchase any item for which paperwork is required.
2. If you are not allowed by law to purchase or own a firearm for any reason do not purchase one. If you are not eligible to purchase or own a firearm it is your responsibility to know. There shall be no refunds of any kind if you are unable to transfer a firearm into your name or do not pass the background check. We will gladly resell the firearm at a time of our choosing.
3. The actual buyer of the firearm must fill out the required paperwork. Make sure when you check in you register under the name that the paperwork will be filled out in. You will need to bring your receipt to the FFL dealer and the name on the receipt must match the name the paperwork is being filled out in. It is against the law for you to fill out the paperwork in your name and then give the firearm to someone who may not be able to legally own that firearm. Known as a "Straw Purchase".
4. Identification/Photo ID required. You must bring a valid/current identification as to who you are in order to register for the auction and complete the required paperwork to transfer a firearm. This also applies to FFL Dealer & C & R License holders. Your name or business must be listed on the license in order to use it. Another person's license cannot be used by any individual other than the person/business named on the license to receive a firearm.
5. You must be at least 18 years of age to purchase a non regulated rifle or shotgun or ammo. You must be at least 21 years of age to purchase a pistol, regulated firearm (AR-15, AK-47ect...), pistol grip shotgun or Handgun Ammo.

Antique/Black powder Rifle/Pistol/Shotgun Information - Most Black powder Rifles, Pistols & Shotguns do not require any paperwork in the State of Maryland and can be handed out on the day of the Auction. There are a few exceptions! Some black powder firearms now use Smokeless propellant and are regulated. Some firearms that have interchangeable barrels are also regulated.

Curio & Relic Information - Some firearms may fall under the ATF Curio & Relics licensing and if they are purchased by an individual with a "C&R License" no paperwork is required. NOTE: Items that meet the age requirements but have been altered from their original configuration may NOT be delivered on a C&R License. The determination of whether a firearm falls under the "Curio & Relic" shall be made by the discretion of Jeff Smith of Smitty's Gun Shop (our FFL dealer) and his word shall be final.

Associated Fee's for the Required Paperwork/Transferring the firearm(s) to you. Allen & Marshall Auctioneers & Appraisers, LLC is the New FFL Dealer & will be completing the required paperwork. You will be responsible for paying them. They will accept cash, checks or Amex/Visa/MC/Disc.

Modern Rifles/shotguns - A transfer fee of \$30 will be collected on each MODERN rifle/shotgun purchased. We can transfer to Residents of MD, VA, WV, PA & DE.

Allen & Marshall Auctioneers and Appraisers, LLC is has a MD Regulated Firearms Dealers License. All firearms listed as REGULATED in the Catalog will need to be transferred to an through Maryland New Online Licensing Portal (<https://licensingportal.mdsp.maryland.gov/MSPBridgeClient/#/home>) If you are a Maryland Resident with an HQL you will need to visit the website, create an account, fill out the paperwork online and attain a Tracking # upon completion. You provide us that tracking # and then we can access your application through the Dealer side of the Website. We attach your Firearm info to your Application and forward it to the MD State Police. This is the only way to purchase a Pistol in the State of Maryland at this time. The old Paperwork is no longer being accepted as of January 1st, 2017.

C & R License holders - A transfer fee of **\$10** per C&R firearm will be charged. You must have an original signed copy of the required paperwork/C & R License. (Preferably signed in blue/red ink)

Non Maryland Handgun/Regulated Firearm Buyers or Long gun Purchasers not from MD, DE, VA, WV, PA. - A transfer fee of **\$15** per modern firearm will be charged + the cost to ship the item.

Integral Internal Lock – For Maryland handgun purchasers only. Required for Pistols made after Dec. 31, 2002. Will be notated in the catalog. Cost is \$30.00. Can be negated if you provide an approved lock at the time the pistol is picked up. Lock must be an Internal Lock approved by MD State Police. Can't be a padlock/cable lock.

Maryland Banned Firearms: Due to recent changes in Maryland's Firearm Laws some firearms in the Auction are banned for sale in the State of Maryland. Those firearms will be Notated that way in the catalog as they are not transferable to Residents of Maryland. These firearms can only be transferred out of State of MD to a resident of another State who lives in a jurisdiction where they are able to legally purchase that type of firearm. It is the purchaser's responsibility to know if these firearms are legal in your State. Once delivered out of State these firearms will not be returnable to Maryland. These firearms must be Shipped to/Delivered to/Picked up by your FFL. If you are an FFL you can take the firearm with you.

Shipping Information for Firearms: It should be understood that items will be shipped as soon as they can be readied for shipment by the Auction Co. We are the FFL and are responsible for the shipment of Firearms to an FFL in your state. This is not an instantaneous process. Before anything happens we need a copy of your FFL's license so we know where we need to ship the firearm. With the size of the Auction and the Paperwork required it is normally 7-10 days before items start to be shipped. Depending on the amount of Online Bids/Firearms that require shipment this process can take 2-3 weeks to ship all of the firearms. Firearms being shipped by the FFL will include any firearm that uses a propellant to fire a projectile and will include Modern, Antique, Regulated, B. Powder & C&R firearms.

Shipping for Non Firearm Items: A&M Auctioneers **will not** handle the shipping of Non-Firearm items. All Non Firearm items that require shipping will be out sourced to the UPS Pack and Ship Store located in Salisbury, MD. Payment for the packing, materials, boxes, insurance, Signature Confirmation, handling & shipping of purchased lots is the sole responsibility of the buyer. Buyer is responsible for the actual cost of shipping. Shipping fees must be paid prior to the items being shipped. Buyers will be notified or delivery to the UPS Store. You will be responsible for Paying the UPS Store directly. It should be understood that shipping is very expensive. Allen & Marshall Auctioneers has no affiliation with the UPS Store and as such we have no control over the cost of shipping charges. If you have questions about their services please contact Milt at 410-749-5070. store1791@theupsstore.com or view their website. <https://salisbury-md-1791.theupsstorelocal.com/>

High Capacity Magazines: NO High Capacity magazines (Over 10 Rds) can be handed out at the Auction. Some firearms in the Auction have Magazines with a Capacity over 10 Rds and we may be selling High Capacity Mag's. These Magazines can't be handed out in the State of MD. If you purchase one of these firearms or magazines we can ship your magazines out of the State of Maryland to a Destination of your choosing (Where they are legal of course)! This shipping (At your cost) will be provided by the FFL/Auction Co. to Ensure that the Magazines are property removed from the state. At that point it's your responsibility what you do with them.

Transfer time frames: Most Non-Regulated Rifles & Shotguns can have an instant Federal Background Check completed at the time of sale and you can take the Firearm with you the Day of the Auction (MD, DE, VA, WV & PA Residents Only). For MD Residents it is imperative that prospective buyers attain an HQL license from the MD State Police. This HQL card is required to be shown to the FFL prior to filling out of paperwork. ***It should be understood that the Maryland 7 Day Waiting Period begins on the day that the paperwork is submitted to the State Police. It may take us a week + to get the paperwork finalized and submitted. At the earliest I would not expect MD Handgun Paperwork to start coming back for 14-18 Days after the Sale Date. If you want it quicker we will gladly ship it to another FFL Dealer for them to process. They can also pickup the firearm directly from us.***

HQL – Handgun Qualification License for MD Residents- MD Handgun/Regulated Firearm purchasers must attain & possess the HQL (Handgun Qualification License) in order to purchase/fill out the required MSP Paperwork at a participating dealer. Visit <https://www.mdsp.org/> for information on attaining the HQL. You must have the HQL card with you in order fill out the Required Firearm paperwork. You should have an HQL if you intend to purchase a handgun & are a MD Resident (State Law since 2013) If you purchase a handgun & don't have an HQL a storage fee will be incurred. The storage fee will be \$2 per day for a period of 30 days not to exceed \$60. From Day 31 on there will be a \$5 per day storage fee per firearm stored. This fee will stop when you present us your HQL in person & can complete the required paperwork. If you do not provide us an HQL in a timely manner storage fee's will accrue & continue to be charged until the purchase price of the firearm has been exceeded. At that time the firearm belongs to the Auction Co. This can be negated if you provide us an FFL to ship your firearm to that is willing to hold your firearm until you get your HQL. We apologize but people have been using the Auction Co. as a Storage Facility and many don't follow through with attaining the HQL. If you purchase a handgun and don't possess an HQL or meet one of the criteria that exempts you a form will be filled out at the time to ensure that you understand and will comply with this policy.

We advise all prospective bidders to read the Terms & Conditions of the Auction Sale before bidding in an A&M Auctioneers and Appraisers, LLC Auction. By placing a bid the bidder is bound by those Terms and Conditions of the Sale, as amended by any oral announcement or posted notices, which together form the contract of the sale between the successful bidder (purchaser), A&M Auctioneers and Appraisers, LLC and the seller (consignor) of the lot(s).

1. All property is sold "As Is, Where Is", and All Sales are Final. There is no bid reversals or refunds.
2. INSPECTION: Property is open to thorough public inspection. The bidder is invited, urged and cautioned to inspect the property prior to bidding. Property will be available for inspection at the places and times

13th Annual Firearm Auction Day #1 1/31/2019

specified. It is the Bidder's responsibility to determine condition, age genuineness, authenticity, value or any other determinative factor prior to placing a bid on an item. Bidder shall be the sole judge of value. A&M Auctioneers and Appraisers, LLC may attempt to describe the merchandise in advertising, on the internet, over the phone and at the auction but makes no representations. Persons in attendance during inspection, sale or removal of merchandise assume all risks of damage or loss to persons, property, or merchandise and shall exercise proper precautions at all times for the protection of persons and property and shall comply with all safety and health requirements as directed by Auctioneer, and local, state and federal regulations. Auctioneer, its agents, its employees and representatives shall not be liable by reason of any defect in or about the condition of the premises on which the auction is held. Buyer specifically releases Auctioneer, its agents and representatives from all liability thereof. In no event shall A&M Auctioneers and Appraisers, LLC be held responsible for having made or implied any warranty of merchantability or fitness for a particular purpose.

3. BIDDER REGISTRATION: Bidder must be 18 years of age or older, and is required to register for each auction. To participate in this Auction prospective bidders must register & provide identification information to establish that you are a valid bidder: At the time of registration, we collect information about you to verify who you are before you can bid. Bidder must submit information found to be current, complete, and accurate for proper identification. We collect credit card information to ensure that you are a qualified buyer. Bidder is responsible for security of his/her bidding number/user name and password, and any and all bids placed under the assigned number/ID. Auctioneer should be notified immediately if Bidder believes his/her bid number, account and/or password have been compromised.

There is no cost to register for an auction (A \$1 Authorization will be charged when you initially register to validate your credit card by Auctionflex.) The Authorization is never deducted from your account. It verifies that the card being placed on file is legitimate. The Billing information including address will be validated through this authorization. If the Billing information on the Card doesn't match your shipping information the card may be rejected for possible fraud activity.

Auction Co, at its sole discretion, reserves the right to terminate any registration, deny any person for any reason permission or access to bid, to reject any and all bids, and to suspend or ban Bidder from bidding. Bidder registration is not transferable or assignable.

Highbid User Ratings. Every bidder starts with a reputation of 0 and, with activity, this score goes up or down to a value between -100 (very bad) and 100 (very good). Any bidder with a reputation lower than +1 will have their auction bid permission set to pending. We will verify your information if you are a new bidder with a reputation of "0". Once

approved or declined you will receive an email confirmation. If you have a negative user rating/score on Hibid or Proxibid the Auction Co. at its sole discretion may decline any and all bids placed by your account. As a last resort if we find you to be a non paying bidder or using fraudulent registration and/or credit card information you may be permanently declined from bidding at our auctions.

Once a new HiBid customer has participated/purchased items in a few auctions you will start to build up positive feedback with a successful pay and pickup transaction. Once you have a positive feedback rating your account will normally be automatically approved for auctions conducted on HiBid by A&M Auctioneers for a preset bidding amount. That amount is normally equal to the highest priced item in the Auction. If we have a vehicle that is worth \$4,000 we would say that \$5,000 would be the maximum high bid that would automatically be approved on your account. Anything above that would require approval.

NOTE: If you are a new bidder to HiBid/A&M Auctioneers with a "0" feedback rating we will verify your registration information and assign your account a Maximum Preset High bid (Per Item) amount. This amount will be a Maximum of \$500 per item and will depend on the Auction. This pre-approval amount will be reflected in the Bidder Acceptance email once your account has been approved. We recommend that when bidding place your bids early so that you will know that your bid will be accepted. Don't wait until the final minute before the item closes to try to bid. In this scenario for example if you had been approved for a \$500 max high bid per item and the bidding is already over \$500. If you bid \$750 your bid will be set to pending, a notification is sent to us and it is nearly impossible to act upon that less than 60 Seconds. If you know you will be bidding higher than the amount that you were approved for in the email contact us prior to the item ending and we can make a manual change.

If you are not comfortable or willing to register online which includes placing a credit card on file on our Secure Web server you may enter bids in person at our facility. Bids must be in writing and are legally binding just the same. A Valid Credit Card will still be required on the bid form. Valid Identification will also be required if you are unknown to the Auction Co. We will upload the bids placed by you on your behalf onto the online bidding server.

4. All items offered online will have a minimum starting bid as displayed on the online catalogue. Online bids lower than minimum will not be accepted.

5. CATALOGUE ERRORS & OMISSIONS: If a description does not match a picture in a lot, the description takes precedence. If you find an error please contact the Auction Co. and we will attempt to rectify it. All items are sold on an "as is, where is" basis, with all faults. In the event an item was listed in error or an item can't be located during pick up for any reason, the bidder agrees that their maximum recourse is a full

13th Annual Firearm Auction Day #1 1/31/2019

refund of the item in question and that all other items bid on remain binding. By bidding you are acknowledging agreement with the terms above. Do not bid unless you agree to all of these terms. The Bidder is responsible for knowing which item is being bid on. If the Bidder is unsure, they should inquire or not bid. When becoming the winning bidder at auction you have effected a contract and will be expected to pay for items in which you were evidenced to be the successful bidder. Auctioneer will not honor "mistakes".

6. REVIEWING YOUR BIDS: During an auction you can check the status of your bids at anytime by logging into online server. Please be careful when placing bids. Placing a bid is a two step process. When you click bid button it will pull up a window verifying that you want to place that bid. If you want to place the next bid increment that the computer is asking for you can do that. If you desire to increase the amount of your bid this screen will allow you to bid a higher amount. Ensure that you type in the correct amount. If you make an error the Auction Co. can attempt to correct it but it has to be in a timely manner before the item closes. In order to make a correction you must contact the Auction Co. at 410-835-0384. We have a staff member in the office during all online auctions. You are responsible for the bids that you place. Note that no bids can be withdrawn after the auction for any reason.

7. PROGRESSION OF THE AUCTION: Auctions are typically uploaded to the HiBid Auction Platform 30-45 days before the auction is scheduled to end. Some short notice auctions may be online for only 15-30 Days. Each Auction will have a scheduled time that each auctions items will begin closing. If an auction starts closing on a Wednesday night at 5 PM the first lot will be scheduled to close at that time. Depending on the quantity of items in the Auction lots may be scheduled to end anywhere between 30 to 60 seconds a part. Each lot will show a scheduled ending time. If no one bids in the final minute before a lot is scheduled to close that lot will close out. If someone bids within the final minute before that lot is scheduled to close, 1 Extra minute will be added to that lot and that lot only to allow additional time for people to bid. The remaining lots behind that lot will continue to close as scheduled unless someone bids in the last minute on that specific lot as well. This is done to prevent a bidder from 'sniping', all bids made in the last minute of the auction will force an item to stay open for an additional 1 minute. This gives the back bidder additional time in increase his/her bid if desired. This process will continue until all bidding has ceased on no one bids within the additional minute that was added.

8. PAYING FOR YOUR PURCHASES: There is no cost to register for an auction. Generally you will receive an "UNPAID" Auction Invoice on the day/night of the Auction immediately following the sale. You will normally be afforded a period of 12-24 hours to contact us and arrange an alternate payment method. We generally process Credit Card transactions the day after the Auction at a specified time. If you don't

contact us during this period we will Charge the Credit Card that was placed on file at Registration for the Purchase price of your won items including Sales Tax and Buyers Premium. When an auction closes, if you are the winner, you must attend during the allotted Pick up time frame where you may pay cash, Approved local Check, Visa, Mastercard, American Express or Discover. If you do not pick up during the allotted time, we will charge your credit card with the winning bid amount, plus applicable Buyers Premium and taxes. In addition if we move your items from the Auction site back to our facility you will be responsible for a transportation fee as stated in terms of auction. If your Credit Card is declined you can pay in person when you pick the items up.

9. BIDDING NOTIFICATIONS: You can choose to be notified by e-mail during the auction if you have been outbid. Please note that outbid notifications are NOT sent out during the last two hours of the sale. You can watch each item end. If you are the high bidder on an item the item will be highlighted in Green in the Live Auction area. If the lot changes from green to red it means that you have been outbid and would need to bid again At a higher bid. The item will not change back to green until you have surpassed the high bid that the back bidder placed.

10. RESERVE: Seldom are items sold with Reserve. If an item is being sold with a reserve, it will be clearly marked and identified. For items sold with a 'reserve', you will be required to pay a minimum amount in order to win the item.

11. REMOVAL OF ITEMS: All items are sold in place. Buyers are responsible to remove items in a good workmanlike manner. Any plumbing must be shut off before being disconnected and any electrical that is disconnected must be capped. You must bring any and all tools, equipment required to disconnect and remove any items you purchase. You must bring any required labor to assist in carrying your items from the home to your vehicle. We will have staff onsite to assist buyers in finding their items but they will likely not be available to assist in any way with removal of your items. Please plan ahead and come prepared. You are expected to bring boxes, packing materials, tape, tools, wheel carts, dollies or anything else needed to remove your items in a timely manner. Any items not removed by the times shown will be deemed abandoned regardless of the price. If you can't pick your items up during the time scheduled, you are responsible for designating someone to pick your items up during the time that we are scheduled to be there. Many of these auctions are conducted offsite in a consignor's home. We have contracted with that person the dates that we are provided access to the home. You have been advised of the preview and pickup dates prior to the auction. If you are unable or unwilling to pickup your items during the scheduled time please don't bid on the items unless you provide someone to pick your items up for you.

17. SALES TAX: Sales tax will be added to the purchase of all taxable items. Dealers who purchase for resale must file their resale permit numbers. We will verify the Tax # that you provide and print a Blanket Resale form for your to sign. This needs to be completed before the billing process is initiated. You can't use someone else's Sales & Use License. For Bidders from another state we are required by the State of Maryland to have a copy of your State Business License/Tax License on file in order not to charge Tax.

BUYER'S PREMIUM: A premium of 15% of the bid price will be added to the price of each item purchased. Taxes are calculated AFTER the buyer's premium. The Bidders Payment Type will not affect the Buyer Premium at an Online Only Auction. The buyer's premium includes commissions and/or fee's retained by the Online Bidding Platform company.

TERMS OF SALE

We advise all prospective bidders to read the Terms & Conditions of the Auction Sale before bidding in an A&M Auctioneers and Appraisers, LLC Auction. By placing a bid the bidder is bound by those Terms and Conditions of the Sale, as amended by any oral announcement or posted notices, which together form the contract of the sale between the successful bidder (purchaser), A&M Auctioneers and Appraisers, LLC and the seller (consignor) of the lot(s).

1. All property is sold "As Is, Where Is", and All Sales are Final. There is no bid reversals or refunds.

2. INSPECTION: Property is open to thorough public inspection. The bidder is invited, urged and cautioned to inspect the property prior to bidding. Property will be available for inspection at the places and times specified. It is the Bidder's responsibility to determine condition, age genuineness, authenticity, value or any other determinative factor prior to placing a bid on an item. Bidder shall be the sole judge of value. A&M Auctioneers and Appraisers, LLC may attempt to describe the merchandise in advertising, on the internet, over the phone and at the auction but makes no representations. Persons in attendance during inspection, sale or removal of merchandise assume all risks of damage or loss to persons, property, or merchandise and shall exercise proper precautions at all times for the protection of persons and property and shall comply with all safety and health requirements as directed by Auctioneer, and local, state and federal regulations. Auctioneer, its agents, its employees and representatives shall not be liable by reason of any defect in or about the condition of the premises on which the auction is held. Buyer specifically releases Auctioneer, its agents and

representatives from all liability thereof. In no event shall A&M Auctioneers and Appraisers, LLC be held responsible for having made or implied any warranty of merchantability or fitness for a particular purpose.

3. BIDDER REGISTRATION: Bidder must be 18 years of age or older, and is required to register for each auction. To participate in this Auction prospective bidders must register & provide identification information to establish that you are a valid bidder: At the time of registration, we collect information about you to verify who you are before you can bid. Bidder must submit information found to be current, complete, and accurate for proper identification. We collect credit card information to ensure that you are a qualified buyer. Bidder is responsible for security of his/her bidding number/user name and password, and any and all bids placed under the assigned number/ID. Auctioneer should be notified immediately if Bidder believes his/her bid number, account and/or password have been compromised.

There is no cost to register for an auction (A \$1 Authorization will be charged when you initially register to validate your credit card by Auctionflex.) The Authorization is never deducted from your account. It verifies that the card being placed on file is legitimate. The Billing information including address will be validated through this authorization. If the Billing information on the Card doesn't match your shipping information the card may be rejected for possible fraud activity.

Auction Co, at its sole discretion, reserves the right to terminate any registration, deny any person for any reason permission or access to bid, to reject any and all bids, and to suspend or ban Bidder from bidding. Bidder registration is not transferable or assignable.

Highbid User Ratings. Every bidder starts with a reputation of 0 and, with activity, this score goes up or down to a value between -100 (very bad) and 100 (very good). Any bidder with a reputation lower than +1 will have their auction bid permission set to pending. We will verify your information if you are a new bidder with a reputation of "0". Once approved or declined you will receive an email confirmation. If you have a negative user rating/score on Hibid or Proxibid the Auction Co. at its sole discretion may decline any and all bids placed by your account. As a last resort if we find you to be a non paying bidder or using fraudulent registration and/or credit card information you may be permanently declined from bidding at our auctions.

Once a new HiBid customer has participated/purchased items in a few auctions you will start to build up positive feedback with a successful pay and pickup transaction. Once you have a positive feedback rating your account will normally be automatically approved for auctions conducted on HiBid by A&M Auctioneers for a preset bidding amount. That amount is normally equal to the highest priced item in the Auction. If we have a vehicle that is worth \$4,000 we would say that \$5,000 would be the

13th Annual Firearm Auction - Day #2 2/1/2019

maximum high bid that would automatically be approved on your account. Anything above that would require approval.

NOTE: If you are a new bidder to HiBid/A&M Auctioneers with a "0" feedback rating we will verify your registration information and assign your account a Maximum Preset High bid (Per Item) amount. This amount will be a Maximum of \$500 per item and will depend on the Auction. This pre-approval amount will be reflected in the Bidder Acceptance email once your account has been approved. We recommend that when bidding place your bids early so that you will know that your bid will be accepted. Don't wait until the final minute before the item closes to try to bid. In this scenario for example if you had been approved for a \$500 max high bid per item and the bidding is already over \$500. If you bid \$750 your bid will be set to pending, a notification is sent to us and it is nearly impossible to act upon that less than 60 Seconds. If you know you will be bidding higher than the amount that you were approved for in the email contact us prior to the item ending and we can make a manual change.

If you are not comfortable or willing to register online which includes placing a credit card on file on our Secure Web server you may enter bids in person at our facility. Bids must be in writing and are legally binding just the same. A Valid Credit Card will still be required on the bid form. Valid Identification will also be required if you are unknown to the Auction Co. We will upload the bids placed by you on your behalf onto the online bidding server.

4. All items offered online will have a minimum starting bid as displayed on the online catalogue. Online bids lower than minimum will not be accepted.

5. CATALOGUE ERRORS & OMISSIONS: If a description does not match a picture in a lot, the description takes precedence. If you find an error please contact the Auction Co. and we will attempt to rectify it. All items are sold on an "as is, where is" basis, with all faults. In the event an item was listed in error or an item can't be located during pick up for any reason, the bidder agrees that their maximum recourse is a full refund of the item in question and that all other items bid on remain binding. By bidding you are acknowledging agreement with the terms above. Do not bid unless you agree to all of these terms. The Bidder is responsible for knowing which item is being bid on. If the Bidder is unsure, they should inquire or not bid. When becoming the winning bidder at auction you have effected a contract and will be expected to pay for items in which you were evidenced to be the successful bidder. Auctioneer will not honor "mistakes".

6. REVIEWING YOUR BIDS: During an auction you can check the status of your bids at anytime by logging into online server. Please be careful when placing bids. Placing a bid is a two step process. When you click bid button it will pull up a window verifying that you want to place that bid. If you want to place the next bid increment that the

computer is asking for you can do that. If you desire to increase the amount of your bid this screen will allow you to bid a higher amount. Ensure that you type in the correct amount. If you make an error the Auction Co. can attempt to correct it but it has to be in a timely manner before the item closes. In order to make a correction you must contact the Auction Co. at 410-835-0384. We have a staff member in the office during all online auctions. You are responsible for the bids that you place. Note that no bids can be withdrawn after the auction for any reason.

7. PROGRESSION OF THE AUCTION: Auctions are typically uploaded to the HiBid Auction Platform 30-45 days before the auction is scheduled to end. Some short notice auctions may be online for only 15-30 Days. Each Auction will have a scheduled time that each auctions items will begin closing. If an auction starts closing on a Wednesday night at 5 PM the first lot will be scheduled to close at that time. Depending on the quantity of items in the Auction lots may be scheduled to end anywhere between 30 to 60 seconds a part. Each lot will show a scheduled ending time. If no one bids in the final minute before a lot is scheduled to close that lot will close out. If someone bids within the final minute before that lot is scheduled to close, 1 Extra minute will be added to that lot and that lot only to allow additional time for people to bid. The remaining lots behind that lot will continue to close as scheduled unless someone bids in the last minute on that specific lot as well. This is done to prevent a bidder from 'sniping', all bids made in the last minute of the auction will force an item to stay open for an additional 1 minute. This gives the back bidder additional time to increase his/her bid if desired. This process will continue until all bidding has ceased on no one bids within the additional minute that was added.

8. PAYING FOR YOUR PURCHASES: There is no cost to register for an auction. Generally you will receive an "UNPAID" Auction Invoice on the day/night of the Auction immediately following the sale. You will normally be afforded a period of 12-24 hours to contact us and arrange an alternate payment method. We generally process Credit Card transactions the day after the Auction at a specified time. If you don't contact us during this period we will Charge the Credit Card that was placed on file at Registration for the Purchase price of your won items including Sales Tax and Buyers Premium. When an auction closes, if you are the winner, you must attend during the allotted Pick up time frame where you may pay cash, Approved local Check, Visa, Mastercard, American Express or Discover. If you do not pick up during the allotted time, we will charge your credit card with the winning bid amount, plus applicable Buyers Premium and taxes. In addition if we move your items from the Auction site back to our facility you will be responsible for a transportation fee as stated in terms of auction. If your Credit Card is declined you can pay in person when you pick the items up.

9. BIDDING NOTIFICATIONS: You can choose to be notified by e-mail

13th Annual Firearm Auction - Day #2 2/1/2019

during the auction if you have been outbid. Please note that outbid notifications are NOT sent out during the last two hours of the sale. You can watch each item end. If you are the high bidder on an item the item will be highlighted in Green in the Live Auction area. If the lot changes from green to red it means that you have been outbid and would need to bid again at a higher bid. The item will not change back to green until you have surpassed the high bid that the back bidder placed.

10. RESERVE: Seldom are items sold with Reserve. If an item is being sold with a reserve, it will be clearly marked and identified. For items sold with a 'reserve', you will be required to pay a minimum amount in order to win the item.

11. REMOVAL OF ITEMS: All items are sold in place. Buyers are responsible to remove items in a good workmanlike manner. Any plumbing must be shut off before being disconnected and any electrical that is disconnected must be capped. You must bring any and all tools, equipment required to disconnect and remove any items you purchase. You must bring any required labor to assist in carrying your items from the home to your vehicle. We will have staff onsite to assist buyers in finding their items but they will likely not be available to assist in any way with removal of your items. Please plan ahead and come prepared. You are expected to bring boxes, packing materials, tape, tools, wheel carts, dollies or anything else needed to remove your items in a timely manner. Any items not removed by the times shown will be deemed abandoned regardless of the price. If you can't pick your items up during the time scheduled, you are responsible for designating someone to pick your items up during the time that we are scheduled to be there. Many of these auctions are conducted offsite in a consignor's home. We have contracted with that person the dates that we are provided access to the home. You have been advised of the preview and pickup dates prior to the auction. If you are unable or unwilling to pickup your items during the scheduled time please don't bid on the items unless you provide someone to pick your items up for you.

12. RISK TO PERSON AND PROPERTY: BY REGISTERING AS A BUYER, YOU AGREE THAT A&M AUCTIONEERS & APPRAISERS, LLC & THE SELLER/CONSIGNOR ARE NOT LIABLE TO YOU FOR ANY DAMAGE TO THE ITEMS YOU PURCHASED, YOUR OTHER PERSONAL PROPERTY, OR FOR INJURY OR DEATH. Please take care of yourself and your items as you have released us from liability. We will not be liable for damage or injury to individuals or their property. We will verify the Tax # that you provide and print a Blanket Resale form for your to sign. This needs to be completed before the billing process is initiated. You can't use someone else's Sales & Use License. For Bidders from another state we are required by the State of Maryland to have a copy of your State Business License/Tax License on file in order not to charge Tax.

BUYER'S PREMIUM: A premium of 15% of the bid price will be added to the price of each item purchased. Taxes are calculated AFTER the buyer's premium. The Bidders Payment Type will not affect the Buyer Premium at an Online Only Auction. The buyer's premium includes commissions and/or fee's retained by the Online Bidding Platform company.

18.
