TERMS OF SALE

We advise all prospective bidders to read the Terms &
Conditions of the Auction Sale before bidding in an A&M
Auctioneers and Appraisers, LLC Auction. By placing a bid the
bidder is bound by those Terms and Conditions of the Sale, as
amended by any oral announcement or posted notices, which
together form the contract of the sale between the successful
bidder (purchaser), A&M Auctioneers and Appraisers, LLC and
the seller (consignor) of the lot(s).

1. All property is sold "As Is, Where Is", and All Sales are Final.
There is no bid reversals or refunds.
2. INSPECTION: Property is open to thorough public
inspection. The bidder is invited, urged and cautioned to inspect
the property prior to bidding. Property will be available for
inspection at the places and times specified. It is the Bidder's
responsibility to determine condition, age genuineness,
authenticity, value or any other determinative factor prior to
placing a bid on an item. Bidder shall be the sole judge of value.
A&M Auctioneers and Appraisers, LLC may attempt to describe
the merchandise in advertising, on the internet, over the phone
and at the auction but makes no representations. Persons in
attendance during inspection, sale or removal of merchandise
assume all risks of damage or loss to persons, property, or
merchandise and shall exercise proper precautions at all times
for the protection of persons and property and shall comply with
all safety and health requirements as directed by Auctioneer, and
local, state and federal regulations. Auctioneer, its agents, its
employees and representatives shall not be liable by reason of
any defect in or about the condition of the premises on which the

4-24-24 Spring Sportsmans Auction - Parsonsburg, MD 4/24/2024

auction is held. Buyer specifically releases Auctioneer, its agents and representatives from all liability thereof. In no event shall A&M Auctioneers and Appraisers, LLC be held responsible for having made or implied any warranty of merchantability or fitness for a particular purpose.

3. BIDDER REGISTRATION: Bidder must be 18 years of age or older, and is required to register for each auction. To participate in this Auction prospective bidders must register & provide identification information to establish that you are a valid bidder: At the time of registration, we collect information about you to verify who you are before you can bid. Bidder must submit information found to be current, complete, and accurate for proper identification. We collect credit card information to ensure that you are a qualified buyer. Bidder is responsible for security of his/her bidding number/user name and password, and any and all bids placed under the assigned number/ID. Auctioneer should be notified immediately if Bidder believes his/her bid number, account and/or password have been compromised.

There is no cost to register for an auction (A \$1 Authorization will be charged when you initially register to validate your credit card by Auctionflex.) The Authorization is never deducted from your account. It verifies that the card being placed on file is legitimate. The Billing information including address will be validated through this authorization. If the Billing information on the Card doesn't match your shipping information the card may be rejected for possible fraud activity.

Auction Co, at its sole discretion, reserves the right to terminate any registration, deny any person for any reason permission or access to bid, to reject any and all bids, and to suspend or ban Bidder from bidding. Bidder registration is not transferable or assignable.

Highbid User Ratings. Every bidder starts with a reputation of 0 and, with activity, this score goes up or down to a value between -100 (very bad) and 100 (very good). Any bidder with a reputation lower than +1 will have their auction bid permission set to pending. We will verify your information if you are a new bidder with a reputation of "0". Once approved or declined you will receive an email confirmation. If you have a negative user rating/score on Hibid or Proxibid the Auction Co. at its sole discretion may decline any and all bids placed by your account. As a last resort if we find you to be a non paying bidder or using fraudulent registration and/or credit card information you may be permanently declined from bidding at our auctions.

Once a new HiBid customer has participated/purchased items in a few auctions you will start to build up positive feedback with a succesful pay and pickup transaction. Once you have a positive feedback rating your account will normally be automatically approved for auctions conducted on HiBid by A&M Auctioneers

for a preset bidding amount. That amount is normally equal to the highest priced item in the Auction. If we have a vehicle that is worth \$4,000 we would say that \$5,000 would be the maximum high bid that would automatically be approved on your account. Anything above that would require approval.

NOTE: If you are a new bidder to HiBid/A&M Auctioneers with a "0" feedback rating we will verify your registration information and assign your account a Maximum Preset High bid (Per Item) amount. This amount will be a Maximum of \$500 per item and will depend on the Auction. This pre-approval amount will be reflected in the Bidder Acceptance email once your account has been approved. We reccomend that when bidding place yours bids early so that you will know that your bid will be accepted. Don't wait until the final minute before the item closes to try to bid. In this scenario for example if you had been approved for a \$500 max high bid per item and the bidding is already over \$500. If you bid \$750 your bid will be set to pending, a notification is sent to us and it is nearly impossible to act upon that less than 60 Seconds. If you know you will be bidding higher than the amount that you were approved for in the email contact us prior to the item ending and we can make a manual change.

If you are not comfortable or willing to register online which includes placing a credit card on file on our Secure Web server you may enter bids in person at our facility. 6. **REVIEWING YOUR BIDS:** During an auction you can check the status of your bids at anytime by logging into online server. Please be careful when placing bids. Placing a bid is a two step process. When you click bid button it will pull up a window verifying that you want to place that bid. If you want to place the next bid increment that the computer is asking for you can do that. If you desire to increase the amount of your bid this screen will allow you to bid a higher amount. Ensure that you type in the correct amount. 7. **PROGRESSION OF THE AUCTION:** Auctions are typically uploaded to the HiBid Auction Platform 30-45 days before the auction is scheduled to end. Some short notice auctions may be online for only 15-30 Days. Each Auction will have a scheduled time that each auctions items will begin closing. If an auction starts closing on a Wednesday night at 5 PM the first lot will be scheduled to close at that time. Depending on the quantity of items in the Auction lots may be scheduled to end anywhere between 30 to 60 seconds a part. Each lot will show a scheduled ending time. If no one bids in the final minute before a lot is scheduled to close that lot will close out. If someone bids within the final minute before that lot is scheduled to close, 1 Extra minute will be added to that lot and that lot only to allow additional time for people to bid. The remaining lots behind that lot will continue to close as scheduled unless someone bids in the last minute on that specific lot as well. This is done to prevent a bidder from 'sniping', all bids made in the last minute of the auction will force an item to stay open for an additional 1 minute.
